

Have You Heard?

by Dorothy McCain Elsenius

A large and appreciative audience warmly applauded Albany's "new star on the horizon," Johnnie Pleich, during her Friday evening, Berkeley City Club concert. Although the young mezzo soprano had been ill with laryngitis for three days preceding her concert, she stuck to the show-biz motto, "the show must go on."

Johnnie, a beautiful girl with a beautiful voice, should go far with her musical career. The young star is the daughter of John and Mary Pleich of Albany.

We welcome two new businesses to our community. The first, Taco Bell, one of the largest chains of fast service Mexican food restaurants in the country, has opened an Albany outlet at 635 San Pablo Ave.

The outlet, which is managed by Harvey Turner, is a colorful replica of an old Mexican adobe, with tables, benches and umbrellas for outdoor eating. The facility will be open from 10:30 a.m. to midnight on weekdays, and from 10:30 a.m. to 1 a.m. on weekends.

Food may be ordered to eat on the spot or for "take out."

The second new business is the Armenian Village, located at 1593 Solano Ave., and formerly known as Paul's Grill.

Now owned and operated by John Janikian, the restaurant specializes in Armenian cuisine, prepared from old-country recipes and in a manner to please the connoisseur of Armenian delicacies, such as shish kebab, chicken plaff, lamb shanks, stuffed grape leaves, and other favorites. Armenian pastry and homemade yogurt will also be served.

Lunch will be served from 11 a.m. to 2 p.m. Dinner hours are 4:30 to 9 p.m.

"Happy Birthday" people this month include: Dorothy Larimer, Bob Bacigalupi, Fred Dorse, Chuck Silvera, and Al Thoregood. Those celebrating wedding anniversaries this month are: Mr. and Mrs. Bernice Johnson, Mr. and Mrs. Fred Lennox, Mr. and Mrs. Jack Carlisle, Mr. and Mrs. Carl Martellaro, Mr. and Mrs. Mark Marquardsen, and Mrs. George McDonald. Congratulations — and much happiness to all.

The Bayview Aerie 2323 and their Auxiliary held a joint installation of officers last Saturday evening, with a potluck buffet dinner and dancing following the ceremonies.

Officers to be installed were urged to be on time, as "the ritual would be shortened as much as possible, no lengthy speeches, the installing officers know their work—and besides the band starts playing at 9 p.m., and we don't want to waste any of that good music." This sounds like an installation that everyone enjoyed... and I'm sure the music wasn't wasted a bit.

Ladies, be sure and stop in to see Albany Realtor, Hal Hoffman, for the little surprise gift he has for you. It's a very handy little something, that you will use quite often. Hal's offices are located at 1538 Solano — 526-8861.

Councilman Clark May Sue Fellow Councilmen

Albany City Councilman, Richard O. Clark, has indicated he is preparing to file suit against his fellow Councilmen, because he claims "my rights as a Councilman" have been violated, due to the fact that the other four Albany City Councilmen failed to agree to his appointing Albany attorney Herbert Rubin as a member of the Albany Planning and Zoning Commission.

Clark had originally attempted to appoint Rubin to the Commission on April 17. In a surprise move, without previously discussing it with the Council, nor notifying his present appointee, William Johnson, who still retains his position on the Commission, and who is now serving as its Chairman, Clark made his move to place Rubin on the Commission by requesting that City Attorney Larry Saler prepare the necessary resolution for the appointment. However, when the resolution was introduced by Clark at the following week's Council meeting, the motion died for lack of a second. Councilmen indicated because Rubin was one of a number of citizens who had filed suit against the City in regards to their landfill operation, he was not suitable for serving on a City Commission.

This is not the first time an appointment of Councilman Clark has been considered "unsuitable" by his fellow Councilmen.

Approximately eight years ago, on June 1, 1964, the Albany City Council voted 4 to 1 against the appointment of Dr. Cecil Thomas of Albany, to the Albany Civil Service Commission.

Thomas, a minister and member of the Bay Area Freedom Riders, had been arrested and spent two nights in a Jackson, Mississippi, jail in 1961, according to information supplied to Council members.

A majority of the Council voted against Clark's nomination of Thomas, "on the grounds that a man who may feel contempt for laws, should not serve on a commission that has to do with the hiring and firing of policemen."

Approximately a month after his unsuccessful attempt to seat Thomas on the Civil Service Commission, Clark nominated Herbert Rubin to the Commission, and his action met with the approval of the Council.

Clark made his announcement of his suit plans, not at a regular Council meeting, but at last week's meeting of Friends of Albany Hill, a group headed by Rubin and Catherine Webb, who oppose a planned \$2 million development on Albany Hill, and who propose to raise funds towards the purchase of land on the crest (and possibly the north and west slopes) of the Hill, to be used as a park.

The consensus of opinion among Albany citizens, who remember the 1960 opinion rendered to the City by the then State Attorney General Stanley Mosk, is that Councilman Clark will fall in his suit.

Awards Dinner

The annual Spring Sports Award Banquet will be held at 6:15 p.m. tomorrow evening, in the Veterans' Memorial Building, Portland and Ramona.

Those athletes participating in baseball, track, swimming, and golf at Albany High School, will be presented with awards by the coaches, in cooperation with the Athletic Boosters Club.

President Norman Jacobson wishes to remind everyone that admission will be by ticket only — this will include athletes, scorekeepers, staff, and parents as well.

According to Mosk, who now heads the State Supreme Court, "Section 49 (of the Albany City Charter) gives the power of appointment to the Council as a whole, and the second use of the word 'appoint,' with respect to the individual member of the Council, should be considered to mean 'nominate.'"

Mosk's opinion continues: "A reasonable interpretation of the entire action is that the second use of the word 'appoint' in reference to the individual members, only gives each the power to nominate one member."

Regarding the removal of a commissioner, the Attorney General said: "Even if it were argued that the power to appoint was in each Council member, it does not necessarily follow that the power of removal would be in the individual Council members. There is no specific mention of the power of removal in Section 49 (of the City Charter), and thus reference to Section 8 is necessary to determine how long the members of the Civil Service Board would serve after receiving their appointments. Section 8 specifically indicated that all officers, other than those mentioned in Section 8 (and this would include members of the Civil Service Board) would hold office during the pleasure of the Council."

"Thus, even if Section 49 could be interpreted to give the power to appoint a member to the Civil Service Board to each of the Councilmen, it would be one of

those powers of appointment which did not carry with it the power to remove."

The State Attorney General's opinion was requested, when Councilwoman Kathie Zahn objected to the Council's removal of her appointee, Paul Boych, from the Civil Service Commission.

NOTICE

Albany residents are reminded of the Rabies Clinic which will be held in the Albany High School Gym, Sunday, June 11, from 12:30 to 3 p.m., for all dogs 4 months of age and older, who have been vaccinated prior to January 1, 1971.

The cost for the vaccination will be \$2. City Treasurer, Betty de Luchi, will also be on hand to issue dog licenses at \$2.50 for each dog.

Note of Thanks

Thank you for the opportunity of serving you at the Famous Meat Market. We will continue to sell top quality meats at low prices, and with the assistance of former manager, Johnny Cho, give you the same friendly service.

We look forward, with pleasure to meeting all of you.

BETTY & STAN WONG

NOTICE

Albany dog owners should be aware of the recent notice issued by the U.S. Post Office. If your dog bites a postal employee you may be liable for the following:

1. Collection of medical costs — dog owners are now being billed for those medical expenses incurred in behalf of injured employees.

2. Suspension of mail delivery — mail delivery is being suspended at addresses where dogs have attacked delivery personnel. Such delivery cannot be resumed pending receipt of a signed statement from the dog's owner that the pet will be confined during delivery hours.

Appeal OKed

The Albany City Council upheld the appeal of Albany architect Leon Rumov, of 715 Hillside Avenue, and denied the granting of a use permit to Mrs. Peter Tam, for a variance for construction at 711 Hillside.

The use permit was denied on the grounds that it "would not be in the interests of health, safety, happiness and welfare of the community."

A report from City Administrative Officer, James Turner, indicated that the end results of the plan would not be desirable due to the combination of steep grade of slope, curvature of driveway, and "extensive carving" required on the site.

The Council upheld the appeal in a 4 to 1 vote, with Councilman Richard Clark abstaining because he had not been present at the May 22 public hearing of the appeal.

Council Delays Parks Decision

Although the Parks and Recreation Dept. had recommended that the City Council adopt the General Plan for Parks and Recreation in Albany, and include in it the Albany Hill Waterfront Plan and preserve some portion of Albany Hill as "open space" (if it is not possible to acquire the two parcels of Albany Hill outlined in the Plan as the Summit Overlook and the Joint Albany-El Cerrito Park), the Council voted 4-1 (with Councilman Richard Clark in the minority) to delay their final decision on adopting the plan, for 60 days.

They set another public hearing on the Parks Plan for August 7, at a time when their current budget sessions should be over.

Immediately following the public hearing Monday night, and without giving other Council members a chance to discuss it, Councilman Richard Clark made a motion for the adoption of the Plan. His motion died for lack of a second, primarily because the other Councilmen wanted a chance for discussion and to question the planner, Theodore Osmondson, on various items in the plan.

Bud Rooney, Albany Park and Recreation Dept. Superintendent, in introducing Mr. Osmondson, indicated that the General Plan being presented was the result of three years of hard work, and had three public hearings before Albany citizens. Osmondson noted that the Plan tried to incorporate the needs of the community, determined by a survey taken among residents of the City, including University Village.

Although the majority of the Council indicated they thought the City should begin immediately to upgrade the present parks, with a priority list, they did not see the necessity of including an Albany Hill Park in the Plan, without further study (especially when the property under consideration is private property and they are not sure if and how it can be obtained).

Councilman Lewis Howell stated that since he was the one who made the motion for the present 90-day Hill freeze, he would not hesitate to extend it if it becomes necessary. He also indicated that now is the time for the two factions (for and against a Hill Park) to get together on a plan that will be accepted by the majority of the people in the community.

Mayor Joe Carlevaro expressed hesitancy over adopting the Plan, as far as Feeny Field Park was concerned. Since the Field is actually located in El Cerrito, he questioned the City's right to spend the estimated \$310,000, proposed by the planner, on property in another city and county. He also indicated that, as yet, no one is sure just what the Albany Unified School District's plans were for the area.

Among other areas listed by the Council for further study and discussion (in regards to the Plan) were: the possibility of using some of the University Village property as open space, an outdoor swimming pool, more usage of BART Linear Parkways, joint use of school playgrounds, Albany Hill parks, and methods of financing.

Neil Havlik, a member of the newly-formed Friends of Albany Hill, presented a totally new Albany Hill Park plan, which encompassed an extensive part of the Hill, from Madison Street to Frontage Road, which he said would include 5-6 miles of hiking trails, picnic areas, a playground, an interpretive center and museum, and possibly a man-made lake and an animal farm.

He noted that his group would prefer paths for walking in the park, rather than roads for driving vehicles in the area, and he indicated that they would suggest leaving the land in its natural state as much as possible.

Councilman Hubert Call expressed interest in the Friends plan, but noted that with such a great deal of private property to consider, the purchase price could range from 5 to 6 million dollars on the present market.

Councilman Clark accused his fellow Council members of nitpicking by refusing to adopt the Plan. He also chided the Council for continually refusing to consider relinquishing the Albany Hill summit for an East Bay Regional Park, because they could not use their own law enforcement agency to police the area. In his opinion, he said, the City could provide the same services to the Park as they now do to University Village, which is not City-owned.

Under the "good of the City" Neil Havlik also suggested that the Council investigate the possibility of developing the Point Fleming area into a park, as it already contains a beautiful natural beach.

POSING with their children and the lovely painting they presented to their father at his recent retirement dinner, are Mr. and Mrs. William Woolworth (center). The children are: (l to r) son and daughter-in-law, Mr. and Mrs. Will Woolworth; daughter, Mrs. Sidney Hauser, and son, David Woolworth. David's wife made the Woolworths grandparents for the fifth time on the day of the dinner.

Retiring School Official Honored

Approximately 300 relatives, friends and co-workers attended the recognition dinner held for William G. Woolworth of Albany, who is retiring after 40 years of service to the young people of the area.

Woolworth, who is retiring as Director of Instruction for the Albany Unified School District, received resolutions of commendation from the California State Senate and Assembly, the Albany Board of Education, City Council, Rotary Club and the YMCA.

All three Woolworth children are teachers — their daughter, Mrs. Sidney Hauser of Pough-

American Field Service, Albany School Administrators, Albany Teachers' Association, Boy Scout Troop 19, and the various Albany PTAs.

School Superintendent Kenneth Forry was master of ceremonies and introduced the Woolworth family, including the retiree's wife, Billie, to whom he has been married for 34 years. They met while at Cornell Elementary School — she was a teacher and he was the principal.

All three Woolworth children are teachers — their daughter, Mrs. Sidney Hauser of Pough-

keepsie, New York; and sons, Will of Danville and David of San Ramon. The Woolworths had four grandchildren up until the day of the dinner, when David's wife gave birth to the fifth.

Mr. Woolworth received his teaching credential in 1932, and taught at Cornell School for three years, before being transferred to Albany High School. He returned to Cornell as principal in 1938 and then became Assistant Superintendent and Principal of Albany Adult School in 1944, while the late Robert G. Dennis was away on leave.

Woolworth was appointed Curriculum Coordinator in 1945, a title that was later changed to Director of Instruction.

He received a National Science Foundation scholarship to study mathematics at Bowling Green, Ohio, in 1960. He returned to make Albany one of the first districts to try new math materials, and to author many school courses.

Constantly involved in community service activities, "Bill" has been Albany chairman for the United Crusade, board member of Goodwill Industries, vice-chairman of Mt. Diablo Council of Boy Scouts, and Scout Master for Troop 19 at Wolfboro.

A long-time member of the Board of Management for the Albany YMCA, he served as its chairman for two years. He also served as secretary to the Berkeley YMCA board for two years.

He was president of the Albany Rotary Club in 1955, when the club's community service project was the American Field Service (two foreign exchange students have since lived with the Woolworth family); chairman of the first Community Concerts in Albany, Sunday school teacher at Thousand Oaks Baptist Church, and holder of a PTA Life Membership. He is also one of the only two local people who have received the Community Service Award from the Albany Inter-Service Clubs Council.

A highlight of the evening was the presentation of specially-made copies of various national magazines, which featured his picture — Time, which designated him as "Man of the Year;" National Wildlife Magazine, which called him "Ranger Rick;" Sports Illustrated, which showed him as a "cover boy" in a swim suit; and Cosmopolitan, where his cover picture designated him as "Cosmopolitan Playboy of the Year." All covers were produced in the Albany High School photography department.

City Seeks To Regain Waterfront Privileges

The Albany City Council voted 4 to 1, last week, to have City Attorney Larry Saler proceed with whatever legal action is necessary, to preserve Albany's 1961 waterfront grant from the State. Saler was also instructed to return to the Council at any time for extra help if necessary.

According to the majority of the Council, the City must have the waterfront for expansion. As Councilman Lewis Howell noted: "If we lose our waterfront rights, and give the Hill to the East Bay Regional Park District, or others who wish to preserve it as a park — where will we go? We will have to go back to the harassed homeowner for more taxes, unless we find other means of raising operating funds."

"We all know a well-balanced city needs industry, commerce, apartments, single-family homes, and parks — but what can the City of Albany really afford? At this point, I think, we must decide what is the future of Albany. We must ask the people of Albany, all of them, what they really want for their City."

Howell also indicated that a special election "to determine the feeling of the majority of Albany citizens," might be necessary.

Councilman Richard Clark voted against the motion because he felt the past two and a half years had been wasted and that a long court engagement by the City might end up with nothing. He also accused the City of rejecting a \$100,000 Harbor Grant, and failing to complete the commercial area of the Albany landfill — and instead, filling in areas he deemed "unsafe" for building.

Councilman Clark's action, in regards to opposing Albany's waterfront development, are proving puzzling to many citizens, who know he attended many Sacramento meetings for the City, and voted to accept the Albany Isles Plan, without voicing any opposition.

Albany Jaycees Paint The Town

The Albany Jaycees are painting the town again this year! Not red — but black and yellow. The simple explanation is that the Jaycees are once again painting house numbers on Albany street curbs for the convenience of not only residents and their visitors, but for police and fire personnel to locate addresses quickly in emergencies.

The Jaycees are asking for a \$1 donation, to help them to continue their community activities. However, the donation is strictly voluntary.

Young men 21 through 35, interested in helping in this or any other Jaycee project, are invited to call 526-0808 for further information.

Yep.

More government. More taxes.

We've been had.

Democratic and Republican administrations come and go. Each promises a change. We get the same old thing. More controls, more government, more taxes.

Confusion. We're not supposed to know, we're not supposed to understand. It's been planned that way. We've been had.

The top politicians are not different because they belong to the same club.

Why don't we know about this club, the C.F.R. — the Council on Foreign Relations? The C.F.R. is almost never mentioned in the press. But in one article that appeared in the *Christian Science Monitor* in 1961, the C.F.R. was termed "... probably one of the most influential semi-public organizations in the field of foreign relations ... almost half the Council members have been invited to assume official government positions or to act as consultants at one time or another."

As just one example of the power of the C.F.R., at least 47 C.F.R. members were among the American delegates to the founding of the United Nations in San Francisco in 1945. Members of the C.F.R. group included Harold Stassen, John J. McCloy, Owen Lattimore (called by the Senate Internal Security Subcommittee a "conscious articulate instrument of the Soviet conspiracy"), Alger Hiss (Communist spy), Philip Jessup, Harry Dexter White (Communist agent), Nelson Rockefeller,

John Foster Dulles, John Carter Vincent (security risk), and Dean Acheson.

The C.F.R. would rule the world through what would inevitably be a totalitarian world government that would abolish the sovereignty of the United States with its Constitutional guarantees of liberty. More controls. More Government. More taxes — the goal of the C.F.R.

It is interesting that the major tax-escaping foundations are well represented in the C.F.R. Rockefeller, Ford, Carnegie, Hudson Institute, Fund for the Republic, Brookings Institute and Rand Corporation — all represented in the C.F.R. Middle America continues to pay higher and higher taxes, while the C.F.R.-controlled foundations allow the millionaires to go free.

Ordinary people do not belong to the C.F.R. and its membership is limited. Presidents Eisenhower, Kennedy and Nixon have all been members of the semi-secret C.F.R. The administrations of every President since F.D.R. have been loaded with C.F.R. members. President Nixon, for example has appointed over 100 members of the C.F.R. to top positions in his administration. And the C.F.R. has less than 1500 members. Mr. Nixon brought his top "advisor", Henry Kissinger, direct from the STAFF of the C.F.R.

Conspiracy. More controls. More government. More taxes.

Seven leaders from across America have come to tell the story.

14 Steps to Slavery

What can we expect from the conspiracy during the next few years? Here are fourteen signposts on the road to totalitarianism compiled some years ago by historian Dr. Warren Carroll and a refugee from Yugoslavian Communism, Mike Djordjevic. The list is not in any particular order nor is the order of any particular significance as given here. But the imposition of any one of these new restrictions on liberty (none of which was in effect when the list was compiled) would be a clear warning that the totalitarian state is very near; and once a significant number of them—perhaps five has been imposed, we can rationally conclude that the remainder would not be far behind and that the fight for freedom and the preservation of the Republic has been lost in this country.

Fourteen Signposts to Slavery:

1. Restrictions on taking money out of the country and on the establishment or retention of a foreign bank account by an American citizen.
2. Abolition of private ownership of hand guns.
3. Detention of individuals without judicial process.
4. Requirements that private financial transactions be keyed to social security numbers or other government identification so that government records of these transactions can be kept and fed into a computer.
5. Use of compulsory education laws to forbid attendance at presently existing private schools.
6. Compulsory non-military service.
7. Compulsory psychological treatment for non-government workers or public school children.
8. An official declaration that anti-Communist organizations are subversive and subsequent legal action taken to suppress them.
9. Laws limiting the number of people

allowed to meet in a private home.

10. Any significant change in passport regulations to make passports more difficult to obtain or use.

11. Wage and price controls, especially in a non-wartime situation.

12. Any kind of compulsory registration with the government of where individuals work.

13. Any attempt to restrict freedom of movement within the United States.

14. Any attempt to make a new major law by executive decree (that is, actually put into effect, not merely authorized as by existing executive orders).

As you are no doubt aware President Nixon already has invoked numbers 1, 11 and 14.

Steps 2, 3, 6, 7, 9, 12 and 13 already have been proposed and some are actively campaigned for by organized groups.

The choice is yours. You can say, "It can't happen here!" But nearly every one of the one billion people enslaved by the Communists since 1945 doubtless said the same thing. Or you can help stop this whole conspiratorial apparatus.

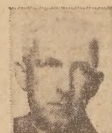

The choice you must make was enunciated by Winston Churchill when he told the people of England:

"If you will not fight for right when you can easily win without bloodshed; if you will not fight when your victory will be sure and not too costly; you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival."

Because we have ignored warning after warning, we are now at that place in history. Unless you do your part now, you will face a further choice, also described by Mr. Churchill. He said:

"There may be even a worse fate. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves."

Seven leaders from across America have come to tell the story.

Father Francis E. Fenton

A Catholic Priest who is a deeply patriotic American, an outstanding scholar, a much loved priest, and a truly noble man, the Reverend Francis E. Fenton lectures widely, contributes regularly to "The Wanderer," and does his utmost, in all little ways and large ones within his power, to make this—with God's help—a better world.

Melchor Moreno O'Campo

Mel O'Campo knew Cesar Chavez before he became known as a labor leader. He says Chavez isn't working for the Spanish speaking people—he is working on them. Hear him discuss the power behind Chavez and Chicanoism. On the central California coast, Mel has been

instrumental in developing Spanish language radio broadcasting.

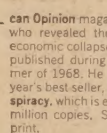

Charles E. Smith

Charles E. Smith is Editor and Publisher of the VOICE OF WATTS newsletter. He was there when Watts erupted into a holocaust of insurrection that summer in 1965. "Watts didn't just happen," claims Smith, "it was planned." Hear him describe how "America's enemies are using false issues like civil rights and racism to confuse and divide the American people and to promote civil war."

Gary Allen

Gary Allen is a Stanford University graduate and contributing editor for *American Opinion* magazine. It was Gary Allen who revealed the incredible plan for economic collapse in a series of articles published during the spring and summer of 1968. He recently authored this year's best-seller, *None Dare Call It Conspiracy*, which is expected to sell over 15 million copies. Six million are now in print.

Patricia Hurley

Patricia Hurley is the daughter of the late Patrick J. Hurley, who was F.D.R.'s Secretary of War during World War II. For years she was her father's confidante with access to his records, reports and correspondence. She has firsthand knowledge of the intrigue that placed Mao's totalitarian slave state on the backs of the Chinese people in the late forties. With insight and clarity she traces American foreign policy to its present pro-Communist posture.

G. Edward Griffin

G. Edward Griffin is known nationally for his writings, lectures and debates. He is the author of two books, *The Fearful Master—A Second Look at the United Nations*, and *The Great Prison Break—The Supreme Court Leads the Way*. Mr. Griffin has also produced several movies on various aspects of the Conspiracy.

Alan Stang

Alan Stang is one of America's foremost experts on internal Communist revolution—its strategy, techniques and personalities. Stang, whose book *It's Very Simple—The True Story of Civil Rights* sold over 250,000 copies, is a former researcher and writer for the Tex and Jim radio show and the Mike Wallace Biography and Interview television shows.

Albany Fire Captain, Raul Miranda thinks one of the best sounds you can hear is the healthy cry of a child immediately after birth.

Raul recently assisted with his second ambulance delivery of a baby, when Mrs. Kay Abercrombi gave birth to a six pound, seven ounce baby girl "somewhere on Ashby Avenue," in the Albany emergency ambulance.

Assisting with the birth was Fireman Mike Koepke. It was his third assist. Both firemen have undergone training for emergency births. This was the third child for Kay and her husband, Augustus.

And speaking of the Albany Fire Dept. ... Chief Gerald Browne notes that the newest citation given the Department was really the result of every Albany citizen's awareness of good fire prevention practice. "They are to be congratulated," he commented.

Winners of the recent "Fire Safety Essay Contest," sponsored by the Albany Traffic and Safety Commission, were: Valerie Riegio of Cornell School, and Julie Mundy of Marin. The students were awarded their prizes

Have you ever wondered what a Fireman does in his leisure hours? Well, just take a look at the City Hall lobby showcase this week, and you will see what Albany Fireman Nestor Mestas does.

The showcase contains the results of two of his hobbies — leatherwork and acrylic painting (he learned both arts while attending evening school classes at Albany High).

His acrylics, on canvas and board, are very unusual — in many instances he uses sheet rock compound to build up the surface, giving the pictures a sort of 3-dimensional effect. I especially like the one of the old barns. Make it a point to stop by City Hall to see this exhibit — you'll like it!

These anxious to lose weight should attend the meeting of TOPS 539 of Berkeley (Take Off Pounds Sensibly), when they meet Monday, at 10:30 a.m., in the upstairs meeting room at the Co-op Market, Shattuck and Cedar, Berkeley.

"How I Did It," will be the subject of discussion by a 140-pound loser from TOPS 169 of San Pablo. She will explain how she accomplished her fantastic weight loss, give her weight history, and show "before" pictures of herself. A question and answer period will follow.

TOPS 539 meets each Monday morning at 10:30, at the above location, and currently has a membership of approximately 25.

The organization is dedicated to helping its members "take off pounds sensibly," as directed by the member's own doctor. Membership is \$6 per year, and anyone seriously interested in reducing his or her weight, is invited to visit and join.

Inexpensive Child Care

Inexpensive child care is being made available in Albany by a number of mothers who have organized a cooperative children's play group, which meets Monday, Wednesday and Friday mornings, from 9:30 to noon, for interesting projects, games and frequent park trips.

Children may attend one, two or all three days during the week, giving busy mothers a chance to shop, work or just relax. One full-time paid attendant, plus one volunteer mother, share the joint care each morning. There are 10 to 12 children in each group, and all pre-schoolers are welcome to attend.

Dues, at \$1 per 2 1/2 hour session, are collected to pay the attendant's salary, and are also used to purchase snacks for the children, and to pay the lights and heat at the Albany church where the group meets.

Interested mothers are asked to contact Donna Ha, play group coordinator, at 525-2634.

A new attendant is also needed to work 7 1/2 hours per week with the group. Anyone interested in working with children is asked to contact Mrs. Ha.

Fine Free Week

Berkeley Public Library patrons, who have overdue library materials in their homes, can return them to any Berkeley library this week, and not have to pay fines.

The Library is holding a week-long "Fine-Free Festival," with no fines to be collected on any overdue material, which will last through Sunday, at 5 p.m.

Fines on any and all overdue library materials, no matter how high, will be cancelled if the items are returned this week—no questions asked.

Overdue books, records, magazines, pamphlets, cassettes, slides, framed prints, etc., may be brought to any Library desk.

Books, magazines, and pamphlets may also be returned to the outside book slots at each library.

I'M NOT DEAF!
Under normal conditions, I hear well enough. But sometimes my ultra-miniature DAHLBERG MIRACLE EAR hearing aid is a blessing. I just put it in my ear and I hear more clearly. It is so natural sounding—nothing above my ear, or below my ear. Nothing behind my ear or in front of my ear. No tubes, no wires, no scratchy sounds. It is especially designed for those who hear but do not always understand—a classic symptom of nerve impairment. If diagnosis shows you have this type of loss, this modern hearing aid may give you the extra "lift" you need to live a full and active life! Rush this coupon. You'll receive descriptive pamphlet promptly.

SAFEWAY DISCOUNT for the BEST GROUND BEEF

Safeway Ground Beef Is Made To Be The Best In Town

The fresh morsels of beef which flow from our meat grinders are juicy, tender and filled with flavor. We keep the grinder blades razor-sharp so they cut the meat, keeping flavorful juices inside each tiny piece assuring you the BEST tasting ground beef every time...we guarantee it!

...4 different grinds to choose from, one to satisfy every taste...

REGULAR GROUND BEEF

This grind has a higher fat content than the others. Many customers prefer it not only for the low price, but for the flavor and juiciness, it delivers. **Lb. 69¢**

LEAN GROUND BEEF

The same as our regular ground beef excepting for a lower fat content which gives it less shrinkage in cooking. Like the regular grind, it has lots of flavor. **Lb. 92¢**

EXTRA LEAN GROUND BEEF

Leaner than our lean ground beef. For people who find it necessary to watch the calories or prefer a leaner-tasting beef. A nice beefy flavor. **Lb. \$1.01**

SUPER LEAN GROUND BEEF

Even leaner than our extra-lean ground beef. Not as much shrink as the other grinds, but delicious and extra satisfying to the hearty beef eaters. **Lb. \$1.25**
